## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-16 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art does not teach or make obvious the claimed ball hook and U-shaped catch supplemental latch in combination with an unlocking device consisting of a thin flat elongated resilient unlocking member having the specified geometry. Of particular interest is USPN 5,018,415 to Hawley which teaches a similar device in combination with a supplemental latch but doesn't disclose claimed structure geometry and arrangement. The prior art has been reviewed but does not remedy shortcomings.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
